1. Monthly Recurring Charges: This is a list of your monthly plan and any other features and services for your upcoming billing period.
2. Partial Charges: These are charges for your services from the date you activated until your regular service period begins. Partial charges occur on new activations, or when you've made a change to your account during your billing period.
3. Total Mobile Services and Usage: This is your total monthly plan, including any proration or additional usage plus applicable taxes. Your easyTab[®] or easyTab Flex[®] device payment is shown under taxes because it has taxes included.
4. Usage Breakdown: This is a summary of your usage from the past 30 days. To view full usage details, log in to My Account and select 'detailed view under billing'.
5. Your Plan: This shows features included in your plan.
6. Your Device Balance: This shows the details of your easyTab[®] or easyTab Flex[®] completion date. These balances include applicable taxes.
7. Your easyTab Flex[®]: This section detailed your Deferred Amount for your phone, along with your 24-month term. Want to pay your phone off early? This is the amount that needs to be paid off.
8. Your Rollover Data: This section details your total monthly Rollover Data and the amount of unused data that will be rolled over to the following month.
